4. Confirm that you have read and understood the guidelines about claiming credit by checking the box, and click the "Claim Credit" button.

STOP!
Did you read the fine print above?
You will not be able to petition unless you read the information above and click this box:
☒ I have read and agree to the above conditions.

Click the button of the course for which you want to claim credit.

Once you petition to claim credit for a course, your chosen action and choice of course are considered final, with the exception that claiming placement for a course can be overridden later by claiming credit for the same course.

FAQs

Q: Should I just claim all of my credits? Will that help progress me towards my degree?

A: No, you should start by only claiming credits that will count towards specific degree requirements. Your registration is based off of your progress towards your degree, so claiming random credits will not help you get a better registration time.

Q: How long are AP credits valid for?

A: Your scores are valid for 10 years, so you should not be in a rush to claim elective credits! You'll communicate with your advisor throughout your time at UT to monitor your progress, and together you'll determine if it makes sense to claim elective credits.

Q: Should I claim scores for credit or for placement?

A: For credit unless you've been told otherwise.
